RE: SERVICE EXCELLENCE

Dear Glenda

I would like to thank you for your excellent service, follow-through and professionalism throughout our working relationship with the Inguz Project.

All tasks were carried out at the highest of standards and within our budget.

Unfortunately we started the building process prior to consulting with you which incurred unnecessary expense and aggravation. In future I will ensure to call you at the designing stages as I believe everyone needs an Interior Architect and a Space Planner to maximize the use of space in their premises.

I highly recommend Glenda Lunsky & Associates.

Yours sincerely

Denese Zaslansky
CEO
