TO WHOM IT MAY CONCERN

Over the last 5 years I have commissioned Glenda Lunsky and Associates on various occasions for design work.

Her work is of a consistently high standard. She is competent and dedicated and her project management is very comprehensive.

Glenda has been involved in the renovation and interior design of both our homes. Her professionalism and efficiency combined with her objective to please is evident in the final product.

We would like to thank her for her efforts and recommend her highly.
