Dear Glenda

Dave and I would like to thank both you and Lindy most sincerely for all your caring and understanding and help during the renovation of our home.

Your highly professional and efficient dealing of all aspects of the design of our house together with all the assistance and attention to detail on the furnishings is much appreciated.

We also thank you for the many extra hours of your time which you devoted to getting "things right".

As you know we just love our home and are thrilled to be able to come home daily to the comfort and luxury of the house. Dave still thinks he is on holiday!!

Best Regards

Sincerely

Felicity Wolf
