Dear Ms. Lunsky

In an industry fraught with problems, tension, stress and emotional turmoil, I would like to thank you for all the fine effort and patience you apply.

As a general rule, we never recommend any attorney, builder, painter, decorator or removal company.

However, we have no hesitation in referring you to our most prestigious clients amongst whom have been surgeons, anaesthetists and prominent business men and women.

Once again thank you for always being at our beck and call at a moments notice. Your positive input often results in a sale.

Regards,
Yours Sincerely.
