

Land Rover South Africa

To whom it may concern

Rover Group Holdings U.K. was one of the first British companies to re-invest in the new South Africa, with the formation of Land Rover (South Africa) (Pty) Ltd. a 100% subsidiary company.

In line with the company's philosophies of being a "CLASS ACT" and to obtain "BEST DEALER IN TOWN" status, it was important that we establish the right image from word go. It was for this reason that we employed Glenda Lunsky from Glenda Lunsky and Associates to decorate our new corporate head quarters in Midrand.

Not only did she interpret our needs and requirements correctly but also created an atmosphere that already earned Land Rover (South Africa) the title of best international subsidiary in interpreting our company's brand values.

Every assignment was carried out in time and within the agreed budgets. I have found Glenda pleasant to work with and regard her as a person with a total professional approach to her business. She is definitely someone who knows her profession thoroughly.

As a result of her performance to date, in working for our company, we have decided to seek her professional advice in establishing franchise standards for our dealers.

I can recommend Ms. Lunsky without any hesitation.

Yours faithfully
