

TO WHOM IT MAY CONCERN

This letter serves to confirm that Glenda Lunsky and Associates was commissioned to "Turnkey" the concept, design and liaison of my New Corporate Office at 111 Oxford Road, Saxonwold.

The project was extremely tedious, the original House which stood on the stand in exceptionally bad condition and therefore took a lot of extra time and perseverance from Glenda personally. We are extremely proud of our new environment and believe we are now situated in one of the most beautiful and outstandingly planned offices environment.

I would like to thank Glenda and her staff for all their input, ideas and organizing of the project. Her service and backup was impeccable and this project was subject to stringent time constraints, with extra phases which still was worked within the time frame.

I find that Glenda's attention to detail is meticulous and she is a perfectionist in the work she does. Our building is not yet complete, due to snagging and further phases and I look forward to the time we have left to work together.

Please contact the writer as I would be happy to respond to any queries or references relating to Glenda or her Team.

Yours faithfully
