

Hi Lew

Just to tell you that I recently sold a property in Chamonix...
gorgeous views... impossible small... badly allocated spaces!
I enlisted the help of Glenda Lunsky... who by the way has bought and
sold herself through me over many many years!!!!
But this time it was me enlisting her special professional expertise!!!
She was absolutely amazing and the clients John and Stephanie
Curnick absolutely love her trust her and have given her the total
brief... do your job and give us the apartment like you envisage with
your incredible talent!
I can say that without Glenda and her ideas and expertise this sale
would not have gotten off the ground!!!!
She was integral in putting this deal together ...
I cannot wait to use her expertise again!!!!
